FALLAH NYUMAH

PhD Candidate in Forestry | University of Toronto, Canada | fallahnyumah@gmail.com

RESEARCH & PROFESSIONAL PROFILE

PhD researcher focusing on climate-resilient oil palm and rubber plantations in Liberia through process-based modelling, techno-economic analysis, life-cycle assessment, and decision support. Background in tropical forest ecology, environmental management, environmental economics, REDD+, quantitative and qualitative research, and university teaching.

EDUCATION

PhD in Forestry | Sep 2024–present

University of Toronto, Institute of Forestry and Conservation, Canada

Forest Economy and Decision Support System Lab; research on the sustainability of oil palm and rubber plantations in Liberia.

Erasmus Mundus Joint MSc, Sustainable Forest and Nature Management | Aug 2023

Bangor University (UK) and University of Copenhagen (Denmark)

Distinction. MSc thesis investigated participatory forest management outcomes in Adaba-Dodola, Ethiopia.

MSc in Environmental Management | Nov 2019

Pan African University Institute of Life and Earth Sciences, University of Ibadan, Nigeria

Second Class Upper; 4.00/5.00.

BSc in Natural Resource Management | Aug 2017

Cuttington University, Liberia

Summa Cum Laude; GPA 3.91/4.00; Academic Excellence Award (Salutatorian).

PROFESSIONAL AND TEACHING APPOINTMENTS

Teaching Assistant, FOR 201 | Jan 2026–present

Institute of Forestry and Conservation, University of Toronto

Lead tutorials and guide projects, assignments, and field-learning activities on tropical forest ecology, conservation, land-use change, and sustainable management.

Instructor | Jan 2025–present

AME University, School of Graduate Studies, Liberia

Teach MEVM 607: Principles of Environmental Economics, using lectures, problem sets, and applied case studies in environmental valuation and policy appraisal.

Remote Intern, AFOLU Unit, Transparency Division | Jan–Jun 2023

UNFCCC, Bonn, Germany (remote)

Synthesized REDD+ and IPCC technical materials, supported technical assessments, prepared communications, and developed a REDD+ finance-tracking Excel database.

Instructor | Mar 2020–Aug 2021

William VS Tubman University, Harper, Liberia

Taught Climate Change, Ecosystem and Biodiversity Conservation, and Environmental Pollution; supervised five undergraduate research projects.

Environmental Management Officer | Jan 2019–Feb 2020

Environmental Protection Agency of Liberia

Reviewed environmental and social impact reports and sectoral compliance of mining, agriculture, and infrastructure projects; contributed to environmental guidelines and management plans.

Graduate Research Intern | Jan–Dec 2018

Environmental Protection Agency of Liberia

Studied waste characterization and management in Monrovia through a USD 2,000 Pan African University graduate research grant; maintained compliance databases.

SELECTED PUBLICATIONS AND RESEARCH OUTPUTS

Eisah, J., **Nyumah, F.**, Johnny, J., & Charles, J. (2021). Ethnobotanical Studies on the Use of Medicinal Plants among Forest Fringe Communities around the Kasewe Forest in Moyamba District, Southern Sierra Leone. *American Journal of Plant Sciences*, *12*, 1963–1989. doi:10.4236/ajps.2021.1212135

Nyumah, F., Charles, J., Bamgboye, I., Aremu, A., & Eisah, J. (2021). Generation, Characterization and Management Practices of Household Solid Wastes in Cowfield, Paynesville City, Liberia. *Journal of Geoscience and Environment Protection*, *9*, 113–127. doi:10.4236/gep.2021.94007

Gueta, M. F. D., Olagunju, E., Katu, D., **Nyumah, F.**, & Hedd, G. (2022). Factors Influencing the Effectiveness of Mathematics Teaching and Learning in High Schools in Maryland County, Southeast Liberia. *International Journal of Education, Teaching and Learning*.

Nyumah, F. (2023). *Factors Influencing Conservation Outcomes and Forest User Groups' Engagement in Participatory Forest Management: A Case of Adaba-Dodola Forest Program in Ethiopia.* MSc thesis, Bangor University / University of Copenhagen.

RESEARCH METHODS AND TECHNICAL EXPERTISE

Methods: Process-based simulation, econometrics, descriptive and inferential statistics, quantitative and qualitative research, survey design, thematic and content analysis, GIS, tropical, boreal, and temperate forest ecology, environmental assessment, grant and research proposal writing, and leadership.

Tools: R (advanced), SPSS (advanced), QGIS (intermediate), KoBo Toolbox, REDCap, R Shiny, Microsoft Excel, Word, PowerPoint, Teams, and Zoom.

AWARDS AND HONOURS

- Santander/Bangor University Summer Bursary Experience Fund (2022)
- Erasmus Mundus Joint Master Degree Scholarship (2021)
- Pan African University Scholarship, African Union (2017)
- Academic Excellence Award (Salutatorian), Cuttington University (2017)
- Firestone Liberia Undergraduate Scholarship (2013)

PROFESSIONAL AFFILIATIONS

Society for Ecological Restoration · Chartered Institute of Ecology and Environmental Management (UK) · Project Management Institute (PMI).
